to me

Dear AGF Friends,

Greetings to you all,

How are you all? We hope in our sovereign God that you had a wonderful Christmas!

Thank you for your prayers, we praise God for the great time of Christmas. It was a great time of sharing the truth about the savior's birth. God gave me many opportunities to preach about Christ in the month of December, three Pastoral Conferences, a few Christmas special gatherings and special gatherings in our congregations. I am so thankful to God for the opportunities to preach about Christ.

We are thanking God for His Grace in our lives and ministry in 2024. We were able to do things by His grace this year. We want to thank you for your faithfulness with your prayers and financial support in the year 2024. Praise God!!

There are few things we want to share with you, during this season Prathibha and our younger daughter Suhana had some health issues, Prathibha had Surgery on 19th of this month, that was Endometrium surgery (Gynec related) doctors sent the samples for biopsy. The reports are coming in next week, please pray with us.

Suhana had a surgery on 28th, Tonsils and Adenoids are removed, she has been suffering from the last few months. We thought that it was normal fever, after the

doctor's investigation we came to know the problem. It was urgent, By God's grace surgery went well, She is recovering now.

We wanted to share this news like a week ago, but you all are having a busy Christmas.

We don't have insurance; the cost was very much. Please Pray for us.

We wish you a Happy New Year 2025!

In Christ

Suresh, Prathibha, Susan and Suhana
